

Existing Control & Postures

Controls & Postures Workspace Overview

This view combines scope context, control metrics, the posture table, and guided commands.

The screenshot displays the 'Existing Control & Postures' workspace. On the left is a vertical navigation rail with 10 steps: 1. Scope & Context, 2. Asset Inventory & CIA, 3. Threats & Vulnerabilities, 4. Existing Controls & Posture (highlighted), 5. Risk Analysis, 6. Risk Evaluation/Treatment, 7. Annex A & SoA, 8. Action Plan / Implementation, 9. Monitoring & Improvement, and 10. Final Deliverables. The main area is titled 'Existing Control & Postures' and shows an 'Audit Scope' of '2026 ISO 27001 Scope Statement - Healthcare Provider' with '(10 assets)' and a 'Completed' status. A '+ New Existing Control and Postures Assessment' button is in the top right. Below the scope, 'Scope & Context — Section 2 (Organizational Boundaries)' lists departments: Information Technology, Clinical Operations, Medical Records, and Billing and Insurance. Metrics show 'Total Hosts: 10' and 'Total Controls: 57'. A table titled 'Existing Controls & Postures' lists assets with columns for Hostname, Role, IP Address, CIA rating, and Controls & Postures. A modal is open for 'SRV-01', showing categories like Identity & Access Management, Network Security Controls, Endpoint Security Controls, and Physical & Environmental Controls. On the right, an 'Assistant' panel in 'Command mode' lists available commands: /assess, /submit, /reset, /exit, /commands, and /help. At the bottom left are buttons for 'AI/ML Dashboard' and 'Dashboard'.

Hostname	Role	IP Address	CIA rating	Controls & Postures
SRV-01	Domain Controller (Active Directory)	10.0.0.2	Critical	
SRV-02	DNS Server	10.0.0.3	High	
WS-01	Finance Workstation	10.0.0.10	Medium	
WS-02	HR Workstation	10.0.0.11	Medium	
WS-03	Standard Employee Workstation	10.0.0.12	Medium	
SRV-03	File Server	10.0.0.18	High	
SRV-04	Application Server	10.0.0.19	High	

Main Parts Explained

1 Navigation Rail

- Shows the audit lifecycle with the current step highlighted.
- Supports quick movement between related audit stages.

2 KPI Indicators

- Highlights host count and total controls for the selected scope.
- Helps users gauge control coverage before reviewing the details.

3 Controls & Postures Table

- Shows host-by-host control categories and existing posture records.
- Supports review of preventive, detective, and operational safeguards.

4 Assistant Panel

- Shows commands for assessment, reset, submission, and section exit.
- Guides the user through the controls review workflow in one screen.

This page is the operational source for control visibility, posture review, and safeguard coverage.
