

Monitoring and Improvement

Monitoring Workspace Overview

This view combines scope context, improvement tracking, the monitoring table, and guided commands.

Main Parts Explained

1 Navigation Rail

- Shows the audit lifecycle with the current step highlighted.
- Supports quick movement between related audit stages.

2 Audit Scope Header

- Confirms the active audit package, CVE count, and in-progress status.
- Keeps monitoring work aligned to the selected audit boundary.

3 Monitoring Table

- Shows the selected item with implementation status, monitoring justification, and recommended actions.
- Includes host evidence rows with responsible owners, resources, dates, and descriptions for follow-up tracking.

4 Assistant Panel

- Shows commands for create, recommend, evidence, edit, delete, submit, and help.
- Keeps the monitoring workflow guided in one screen.

This page is the operational source for monitoring follow-up, evidence progress, and continuous improvement.
